

1-866-738-0706 Qatar Airways Asheville Office

Qatar Airways **does not** operate a standalone corporate, street-level office or city ticketing office in **Asheville, NC**. There's no official location published by Qatar Airways itself in Asheville where you can walk in for reservations, ticketing, or customer support — Atlanta, Charlotte, or other major U.S. cities might list local contact points, but *Asheville is not one of them*. (www.AirlinesOfficeHub.com)

Unofficial / Third-Party Listings

Some third-party directories list a Qatar Airways “Asheville Office” with this info:

Address:

61 Terminal Dr #1, Fletcher, NC 28732 (which is the **Asheville Regional Airport – AVL** address) (www.AirlinesOfficeHub.com)

Phone (airport-level listing): +1 828-684-2226 — this number is tied to the **Asheville Regional Airport** rather than a dedicated Qatar office. (www.AirlinesOfficeHub.com)

Email (directory): infodesk@qatarairways.com (general airline email used on some listings) (www.AirlinesOfficeHub.com)

 These details come from third-party directory sites, not directly from Qatar Airways. Listings like this simply map the **airport address and a general airline email** — they do *not* indicate an official, walk-in airline office staffed by Qatar employees. (www.AirlinesOfficeHub.com)

Actual Airline Presence at Asheville Regional Airport (AVL)

Qatar Airways does *not* operate regular scheduled flights out of AVL under its own brand. Some flight tracking tools show *codeshare flights* involving regional partners (e.g., connections between U.S. cities like Miami, Dallas, etc.) that may carry a Qatar code in booking systems, but these are often **operated by other carriers under partner arrangements**, not by Qatar-staffed flights themselves. (FlightStats)

That means that at **Asheville Regional Airport**, you **won't find a staffed Qatar Airways ticket counter** the way you would for carriers that actually serve the airport directly — such services (if present) are typically managed by the *operating airline*'s personnel for that segment. (FlightStats)

📞 How to Contact Qatar Airways for Reservations & Support

Since there's *no official office in Asheville*, use Qatar's central/global support channels instead:

📞 Phone (U.S. Customer Service / Reservations)

- **+1 877-777-2827** — U.S.-based Qatar Airways general reservations/customer support number (widely listed). ([WhereAirlinesFly](#))
(*After the automated prompts, say "agent" or press 0 to reach a live representative.*)

Alternative numbers reported include:

- **+1 877-696-5973** — another U.S. customer service line seen in multiple guides. ([Sheridan Memorial Hospital](#))
- **+1 877-674-1220** — another live-agent support number referenced in some contact lists. ([The Liberty Company](#))

📞 **Tip:** Customer service lines are usually available 24/7 for reservations, cancellations, baggage issues, refunds, and general assistance.

📱 Online & App Support

- **Official Contact/Help Center:** on the Qatar Airways website — use live chat, submit forms, or request callbacks. ([qatarairways.com](#))
- **Mobile App:** Manage bookings, check in, view flight status, and use support tools.
