

# 1-866-738-0706 Qatar Airways Reno Office

There is **no verified dedicated Qatar Airways ticketing or sales office with a public street address listed in Reno, NV** by official airline sources — similar to many other U.S. cities without a major corporate office for the airline. Qatar Airways generally handles passenger support through airport counters rather than standalone downtown offices.

## Airport Services

For **in-person assistance on travel days**, you can go to the airline's counter at the airport:

- **Reno-Tahoe International Airport**  
This is the main commercial airport serving Reno where Qatar Airways flights and partner codeshare/international service counters are located. You can approach airline staff at the counter for:
  - Check-in & boarding passes
  - Baggage issues
  - Flight information
  - Ticket changes or rebooking assistance (if available)
  - General travel help
- Airlines typically provide these services **on the day of your flight** at the airport rather than from a permanent city office.

 Note: There are **scheduled Qatar Airways flights arriving/departing Reno** at times that may involve partner carriers or codeshare segments — this is based on current flight schedules/tracking data and can vary seasonally. ([Wego](#))

## Contacting Qatar Airways from Reno

Since there's no dedicated city office:

- **Official Qatar Airways customer service (U.S.):** You can call Qatar's U.S. reservations and support line for bookings, ticket changes, special requests, refunds, baggage help, etc. The most commonly referenced U.S. number is **+1 877-777-2827** (multi-purpose reservations/support).
- **Official website:** Manage your booking, check flight status, and access support via the official Qatar Airways website: <https://www.qatarairways.com>.

## Summary

-  No standalone Qatar Airways office in **Reno, NV**.
-  You can get help at **airport ticket/check-in counters at Reno-Tahoe International Airport** on your travel day.
-  For non-airport assistance (bookings, changes, refunds), call Qatar Airways U.S. customer service or use the airline's online support.

If you need the **airport counter location and hours for your specific flight date**, tell me your travel date and flight details and I can look them up.
