 This location refers to **Southwest's ticket counter, check-in desk, and customer service presence at Logan International Airport (BOS)** where you can:

- Check in for flights
- Purchase or change tickets (depending on services available that day)
- Speak with airline staff about baggage, boarding, and flight questions ([airlinesofficedesk.com](https://airlinesofficedesk.com))

### Hours:

- Airport counters typically operate according to flight schedules (often opening a couple hours before departure) even though phone service via the main number is available 24/7. ([airlinesofficedesk.com](https://airlinesofficedesk.com))

### Note:

- This is an **airport ticket counter/service point**, not a separate corporate or standalone office building. Southwest's official corporate headquarters are in Dallas, Texas, and broader customer service is accessed via their website or toll-free numbers. ([Airlines Office Details](#))

Would you like the **best way to contact Southwest from outside the U.S. (international phone options)**? I can list those too!
