

1-866-829-1086 Southwest Airlines

Copenhagen Office

Southwest Airlines does *not* have an official corporate office, sales office, or local ticketing office in Copenhagen, Denmark. The airline is based in the United States (headquarters in Dallas, Texas) and does not currently maintain staffed local offices in Copenhagen or elsewhere in Denmark. Southwest's customer support, reservations, and travel services are generally handled through its official global channels (website, call centers, and online support), not through a local office in Copenhagen. ([Flight Terminal Info](#))

At Copenhagen Airport (CPH)

- Southwest may appear in some airport terminal information listings as a carrier operating at **Copenhagen Airport** (Lufthavnsboulevarden 6, 2770 Kastrup, Denmark) with references to check-in counters and general reservation support at **Terminal 1** — but this refers to **airport operations (e.g., passenger check-in or ticket counters)** rather than a Southwest Airlines corporate or standalone office in Copenhagen. ([Flight Terminal Info](#))
- Listings that show a “Southwest Airlines Copenhagen Terminal” tend to provide generic airport terminal info and sometimes include the airport's phone number — but they are **not official local airline offices** maintained by Southwest. ([Flight Terminal Info](#))

How to Contact Southwest from Copenhagen

Since there's no local office in Copenhagen:

- **Official Southwest Customer Service:** Use the airline's official global contact channels via the **Southwest website**, live chat, or the mobile app for reservations, changes, refunds, and support.
- **U.S. Customer Service Phone:** Call the main Southwest support number (e.g., **1-800-435-9792**), keeping in mind that international calling charges may apply if dialing from Denmark. ([Flight Terminal Info](#))

Summary

- **No official Southwest Airlines office in Copenhagen** exists.
- Information listings referring to “Southwest Airlines Copenhagen Terminal” relate to **airport check-in or service desks**, not a corporate or ticketing office of the airline. ([Flight Terminal Info](#))
