

# 1-866-738-0706 Turkish Airlines Portland Office

Here's the **Turkish Airlines "Portland Office"** information for **Portland, Oregon, USA** — including how the airline supports passengers in that area:

## **Airport Service Presence – Portland International Airport (PDX)**

Turkish Airlines does **not have a traditionally advertised standalone city ticketing or sales office in Portland** with a public street address. Instead, support in the Portland area is primarily handled through the airline's **service counters at Portland International Airport (PDX)**:

### **Location:**

#### **Portland International Airport (PDX)**

7000 NE Airport Way, Portland, OR 97218, USA — Turkish Airlines operates from **Terminal 1** at PDX. ([www.terminalfindinfo.com](http://www.terminalfindinfo.com))

### **Airport Contact:**

- **Turkish Airlines service desk:** +1 503-460-4234 (local PDX contact) ([www.terminalfindinfo.com](http://www.terminalfindinfo.com))

### **Counter / Check-in:**

- The **Turkish Airlines check-in desk and service counter** are located near **Concourse D (Terminal 1)** at Portland International Airport, where staff assist passengers on travel days with **check-in, boarding passes, baggage handling, flight status, special service requests (e.g., wheelchair assistance), and other travel-day support**. ([HackMD](http://HackMD))

### **Hours:**

- Ticket counter hours are reported to be **around the clock daily**, but practical staffing is aligned with scheduled arrival/departure times for Turkish Airlines flights at PDX. ([www.terminalfindinfo.com](http://www.terminalfindinfo.com))

## **General Customer Service & Reservations (U.S.)**

For **reservations, ticket changes, cancellations, refunds, or other support** that isn't tied to your travel day at the airport, you can use Turkish Airlines' **U.S. customer support contact numbers**:

 **U.S. Customer Support (Live Person):** +1 855-510-5235 — connects you to a live representative for help with booking, changes, cancellations, refund questions, and more. ([Paramount City](http://Paramount City))

 **Alternative U.S. support numbers include:** +1 877-401-1845 or **1-800-Turkish**

**Airlines** (these also connect to U.S. customer service lines). ([The Desmoid Tumor Research Foundation](#))

#### **Official Website Tools:**

- You can manage your booking, check flight status, request refunds, and reach support via the **Help/Contact** tools on the Turkish Airlines official website: <https://www.turkishairlines.com/> ([www.terminalfindinfo.com](http://www.terminalfindinfo.com))

#### **Summary – Portland Support**

- **No separate Turkish Airlines street-addressed city office** is publicly confirmed for Portland — most third-party directories list only a general city reference without detailed location or phone. ([www.airwaysofficeshubs.com](http://www.airwaysofficeshubs.com))
- The **Portland International Airport counters** act as the local support point for in-person travel-day assistance. ([www.terminalfindinfo.com](http://www.terminalfindinfo.com))
- For **booking or customer service issues not related to same-day travel**, the **U.S. customer support numbers** above are usually the fastest way to get help from a live agent. ([Paramount City](#))

Would you like **directions on how to get from downtown Portland to the Turkish Airlines counter at PDX**, including how early to arrive before an international flight? I can provide that too.
