

# 1-866-738-0706 Turkish Airlines Reno Office

Turkish Airlines **does not publicly list a standalone city ticketing or customer service office in Reno** with its own street address and local desk. Unlike some larger cities, Reno doesn't appear in official airline office directories as having a dedicated Turkish Airlines sales office. Instead, customer support for passengers in Reno is generally provided via **telephone customer service** and the **airline's presence at airport passenger counters** when flights operate through nearby hubs.

For **reservations, ticket changes, cancellations, baggage questions, loyalty enquiries or general help**, you'll usually need to contact the airline's **U.S. customer support center** rather than visit an office in Reno. ([paramountcity.gov](http://paramountcity.gov))

## Turkish Airlines U.S. Customer Service (Telephone)

To speak with a representative about bookings, changes, cancellations, refunds, or other travel issues from Reno (or anywhere in the U.S.), use one of the official Turkish Airlines U.S. support numbers:

- **+1-855-510-5235** — Live person assistance via the main Turkish Airlines U.S. customer service line (24/7). ([paramountcity.gov](http://paramountcity.gov))
- **+1-877-401-1845** or **1-800-Turkish Airlines** — Additional U.S. contact numbers referenced for customer support and reservations. ([The Desmoid Tumor Research Foundation](http://TheDesmoidTumorResearchFoundation.org))

These contact lines are the primary way to get help from Turkish Airlines support teams for non-airport needs if there's no local office. ([paramountcity.gov](http://paramountcity.gov))

## Reno-Tahoe International Airport (RNO) – Airline Counters

If you are traveling and need help **on the day of travel**, airline counters at **Reno-Tahoe International Airport (RNO)** are where in-person assistance is provided. However, **Turkish Airlines does not currently operate regular scheduled passenger flights out of RNO** itself. ([Reno-Tahoe International Airport](http://Reno-Tahoe International Airport))

- **Airport Address:** Reno-Tahoe International Airport, 2001 E. Plumb Lane, Reno, NV 89502, USA. ([Reno-Tahoe International Airport](http://Reno-Tahoe International Airport))
- **Airport Contact Number:** +1-775-328-6400 — this is the general airport switchboard; you can ask to be connected to the relevant airline counter when flights are scheduled. ([Reno-Tahoe International Airport](http://Reno-Tahoe International Airport))

At airports where **Turkish Airlines does operate flights** (e.g., San Francisco, Los Angeles, or other major hubs), the airline's **airport check-in counters** have staff who can sometimes help with reservations, ticketing, seat assignments, and last-minute travel needs —

essentially functioning as the **nearest in-person support if a city office isn't available**. ([airlinesofficedesk.com](https://airlinesofficedesk.com))

## **Summary — Reno Situation**

- **No official Turkish Airlines office** with a street address is listed in Reno.
- **Call the U.S. customer service numbers** above for booking, changes, cancellations, and support — these lines serve customers nationwide. ([paramountcity.gov](https://paramountcity.gov))
- If you need **in-person help**, it's usually at the **airport counter in a city where Turkish Airlines flies** (e.g., San Francisco, Los Angeles, etc.) on travel days, or you can handle many tasks online via the **official website**. ([airlinesofficedesk.com](https://airlinesofficedesk.com))
- **Reno-Tahoe International Airport** does not currently host regular Turkish Airlines passenger service, so you may need to connect through a major hub for in-airport assistance. ([Reno-Tahoe International Airport](https://www.reno-tahoeairport.com))
