## Turkish Airlines – Richmond Area

### 1. Airport Contact at Richmond International Airport (RIC)

Because there is no widely published *separate standalone city sales office* for Turkish Airlines in Richmond, the most reliable local point of contact is the airline's **service counter at Richmond International Airport**:

- **Location:** Richmond International Airport, **1 Richard E Byrd Terminal Dr, Richmond, VA 23250, USA.** ([www.airwaysofficeshubs.com](http://www.airwaysofficeshubs.com))
- **Airport Phone (General):** +1 804-226-3000 — airport main number where staff can connect you to the Turkish Airlines desk when flights operate. ([Flight Terminal Info](#))
- **Turkish Airlines Airport Counter:** Listed as “Terminal 1” and connected to airline services at RIC; flight counter staff can assist with reservations, check-in, baggage, boarding, and immediate travel-day needs. ([Flight Terminal Info](#))
- **Ticket Counter Hours:** Often shown as **24/7 availability** around flight operations, but actual staffing matches scheduled Turkish Airlines flights. ([Flight Terminal Info](#))

This airport counter effectively functions as the **local Turkish Airlines “office”** for passengers flying through Richmond, including help with check-in, boarding passes, flight inquiries, changes (when possible), baggage support, and travel-related questions. ([Flight Terminal Info](#))

### 2. Regional Office Reference (Virginia Office)

Some travel office directories list a **Turkish Airlines Virginia Office** (serving the commonwealth region including Richmond) with the following minimal detail:

- **Phone (Directory Listing):** +1-888-738-0804 — a contact number associated with this regional Virginia listing (may route via central support). ([www.airwaysofficeshubs.com](http://www.airwaysofficeshubs.com))
- **Typical Hours (Directory Source):** Weekdays **09:00–12:30 & 14:00–18:00**, though actual availability and staffing can vary, and it's not an official Turkish Airlines published schedule. ([www.airwaysofficeshubs.com](http://www.airwaysofficeshubs.com))

 **Important:** This Virginia office detail appears in third-party airline office directories and may not reflect an official, public customer service office published on Turkish Airlines' own website — official airline contact should be verified by phone or through the carrier's online support.
