

1-866-738-0706 Qatar Airways Charleston Office

Qatar Airways **does not have a standalone corporate, retail, or customer service office in Charleston, South Carolina** that is officially published by the airline. There *is no verified street-level Qatar Airways office address in Charleston* where you can walk in for ticketing, reservations changes, refunds, or other airline services.

Directory pages that list a Qatar Airways “Charleston Office” (often with an airport or contractor address like *5500 International Blvd, Charleston, SC 29418*) are **not official Qatar Airways office locations** and appear to be generic listings, not verified airline sites. ([Porch](#))

Airport Presence (If Applicable)

Qatar Airways **does not currently operate scheduled flights out of Charleston International Airport (CHS) under its own brand**, but you *may* see Qatar Airways-branded flights on certain itineraries due to codeshares or partner services — often connecting through major U.S. hubs. ([Wego](#))

Because Qatar does not have flights that originate or terminate regularly at CHS, there is **no staffed Qatar Airways ticket counter or dedicated airline service desk at Charleston International Airport**. Any in-person assistance related to a connecting itinerary would typically be handled by the *operating carrier’s* counter (e.g., American Airlines, etc.) on travel days.

Official Contact Options for Qatar Airways (U.S. Support)

Since there is no local Charleston office, use Qatar Airways’ centralized support options instead:

U.S. Customer Service / Reservations

- **+1 877-777-2827** — Official U.S. Qatar Airways customer service and reservations line for help with bookings, changes, baggage questions, travel requirements, refunds, and general support. ([USA Customer Care](#))

Other commonly shared U.S. contact numbers for customer support include:

- **+1 855-875-0129** — another general U.S. support number reported by multiple guides. ([Mailspring Community](#))

These lines are typically available **24/7** for assistance with flight inquiries.

Online & Mobile Support

- **Official Qatar Airways Help & Contact Page:** Accessible via the Qatar Airways website's Help or Contact Us section (use their online form or live chat tools). ([qatarairways.com](#))
- **Mobile App:** Manage bookings, check in, view flight status, or reach support from within the app.

Summary

Location	Official Qatar Airways Presence
Charleston, SC city office	✗ No official Qatar Airways office
Charleston International Airport (CHS)	✗ No Qatar Airways ticket counter or staffed desk
Best way to contact airline	☎ +1 877-777-2827 (U.S. reservations) /  Qatar Airways Help page

Tip for Charleston Travelers

If your itinerary involves a **codeshare or partner connection** through an airline that *does* serve Charleston directly, speaking with that operating carrier at CHS on your travel day will often be your best in-person help. For airline policies, changes, refunds, and support beyond that, use the official Qatar Airways customer service contacts above.

Would you like the **step-by-step dialing format** to call Qatar Airways from outside the U.S. (e.g., from Europe or Asia)? I can lay that out too.
