Qatar Airways Osaka Office (Japan)

Office / Contact Location:

- There isn't a widely confirmed **standalone city sales office with a specific street address** for Qatar Airways in Osaka that's consistently documented across official sources. Some travel directories list general contact and support information for Osaka. (airlinesofficedesk.com)

Contact (Office / Support):

- Local Osaka contact numbers are sometimes *not listed* for a dedicated sales office; phone support may be handled through general customer service channels (e.g., the airline's global reservations lines). Many listings simply refer to general Qatar Airways support or toll-free numbers. (www.AirlinesOfficeHub.com)
- A commonly cited airport contact number for service at Osaka International (Itami) can be used for inquiries related to Qatar Airways flights there: **+81 6-6856-6781**. (www.AirlinesOfficeHub.com)

Email:

- **infodesk@qatarairways.com** — the general email used for customer enquiries including bookings, cancellations, and assistance. (www.AirlinesOfficeHub.com)

Osaka Airport Contact – Day-of-Travel Support

In addition to any city office services, Qatar Airways operates airline counters and staff at **Osaka International Airport (Itami Airport)** or **Kansai International Airport (KIX)**, which are the primary contact points for passenger support when flying: (airlinesofficedesk.com)

- **Osaka Itami Airport (ITM) Counter / Contact:** +81 6-6856 6781 (service desk number for Qatar Airways at the airport). (www.AirlinesOfficeHub.com)
- **Kansai International Airport (KIX) Contact:** Qatar Airways operates from **Terminal 1** at Kansai, and desks are typically open 24/7 according to flight schedules. (Osaka Airport)

At these airport service desks, Qatar Airways staff can help with:

- **Check-in and boarding passes**

- **Baggage drop and inquiries**
 - **Flight status information**
 - **Ticket changes, upgrades, and reservations on the travel day**
 - **Special service requests (wheelchair assistance, special meals, etc.)** ([Osaka Airport](#))

What You Can Do

City Office / Contact (if available):

- Handle general flight bookings, ticket changes/cancellations, travel enquiries, baggage policy info and travel documentation guidance (though direct in-person office service in Osaka may be limited or handled via phone/email). (www.AirlinesOfficeHub.com)

Airport Counter:

- Best for **day-of-travel needs** such as check-in, last-minute changes, baggage support and immediate flight assistance. The airport desks are typically the most reliable in-person contact if no dedicated city office address is easily confirmed. (airlinesofficedesk.com)

Online Tools:

- Use the **official Qatar Airways website** (qatarairways.com) to manage bookings, check flight status, and get access to online support and reservations. (www.AirlinesOfficeHub.com)
