

1-866-738-0706 Qatar Airways San Diego Office

Qatar Airways does not have a prominently listed standalone commercial office in central San Diego, but its services are available through its airport operations at **United Airlines (San Diego location context)** and the general San Diego International Airport area. ([OfficeAirGuide.com](https://www.officeairguide.com))

Primary Location for Support & Services:

- The airline's support for passengers in the San Diego area is linked to **San Diego International Airport (SAN)** at **N Harbor Drive, San Diego, CA 92101**, where Qatar Airways flight counters and representatives assist travelers on the ground. ([OfficeAirGuide.com](https://www.officeairguide.com))

Airport Assistance:

- Qatar Airways doesn't typically list a dedicated customer service office phone for San Diego, but the airport desk information can be reached through the airport's lines or via the airline's general U.S. customer service numbers like **1 877-777-2827** (for reservations and general support across U.S. operations). (www.globalterminalsinfo.com)

Email Contact:

- For general inquiries related to bookings, ticket changes, travel policies, etc., the common airline email such as **support@qatarairways.com** is used (though responses may be routed through the airline's broader regional support system rather than a specific San Diego office). ([OfficeAirGuide.com](https://www.officeairguide.com))

Services at San Diego International Airport:

At the SAN counters, Qatar Airways staff handle typical airline services on travel days, including:

- **Check-in and boarding passes**
- **Baggage drop and related questions**
- **Flight status and schedule information**
- **Reservation help and ticketing adjustments (when possible)**
- **Assistance with travel documentation and special service requests**
(www.globalterminalsinfo.com)

Important Notes:

- Qatar Airways generally doesn't maintain a large standalone sales/customer service office separate from its airport presence in San Diego. Most traveler support is oriented around day-of-travel counter services at **San Diego International Airport (SAN)**. ([OfficeAirGuide.com](https://www.officeairguide.com))
- For **non-airport issues** (like advanced bookings, cancellations, refunds, Privilege Club help, or complex itinerary changes), contacting Qatar Airways' official **U.S. customer service line** or using the "**Manage Booking**" tool on the **official website** (qatarairways.com) is recommended. ([OfficeAirGuide.com](https://www.officeairguide.com))

If you'd like, I can provide the **specific terminal and counter location for Qatar Airways at San Diego International Airport** or the **best phone numbers to call for reservations from the U.S.** — just let me know!
