💡 Understanding Frontier's Delay Policy

Frontier Airlines is an ultra-low-cost carrier, and like many budget airlines, their **compensation policies are more limited** than full-service carriers. Here's what you need to know:

1. **Airline-Caused Delays:** If your flight is delayed due to mechanical issues, staffing, or operational reasons, Frontier may offer **rebooking on the next available flight** at no extra charge.
2. **Weather or Air Traffic Delays:** Frontier generally does **not provide monetary compensation** for delays caused by weather, air traffic control, or factors outside their control.
3. **Long Delays:** In cases of extended delays, Frontier may provide travel vouchers or credits, but this is **not guaranteed** and is handled on a case-by-case basis.

💎 What You Can Expect

- **Rebooking:** Frontier will usually rebook you on the next available flight for **no additional cost** if the delay is caused by the airline.

- **Meal or Hotel Vouchers:** Unlike some international carriers, Frontier does not automatically provide vouchers for food or lodging, except in rare cases or extended delays.
 - **Travel Credits:** For delays caused by operational issues, agents may occasionally offer travel credits, but this is handled individually.
